

**88% of Americans agree:
it's important to have a strong,
sustainable Medicaid program
in the US**

The Modern Medicaid Alliance spoke to **thousands of Americans** across the country to hear their thoughts on the Medicaid program. **Americans agree: Medicaid is an essential part of American health care.**

76% of Americans have a favorable view of Medicaid. In fact, Americans are **nearly 6 times more likely** to have a favorable view of Medicaid than an unfavorable view of the program.

Less than a quarter of Americans support cutting Medicaid funding.

When asked what the most important priority of Medicaid should be, Americans think it is important **Medicaid is affordable (27%) and accessible (19%).**
