

The **Modern Medicaid Alliance** is a leading partnership between Americans who value Medicaid and prominent advocacy organizations representing patients, health care workers, children, older adults, people with disabilities, pregnant and postpartum women, and health plans.

The Alliance’s mission is two-fold: Educate policymakers about the value of Medicaid to the American people and showcase how Medicaid is driving innovation in care delivery — particularly for the nation’s most vulnerable citizens — while ensuring accountability within the program.

Membership

The Modern Medicaid Alliance’s **diverse membership** of over 100 partners provides expert guidance to shape coalition activities and further our shared goals.

Campaign Overview

The Modern Medicaid Alliance educates policymakers and the public about the benefits of Medicaid through:

Collaborating with Medicaid beneficiaries, caregivers, family members, and a diverse group of partner organizations.

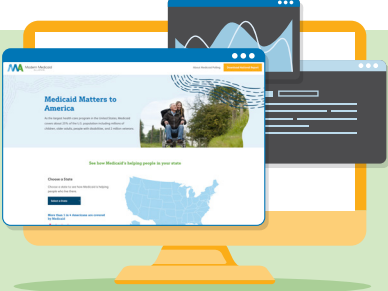

Providing policymakers with expert insights and data to guide policy decisions.

Amplifying the social, health, and financial benefits that Medicaid provides to millions of Americans across the country.

Promoting innovative health care solutions that work.

Medicaid Dashboard

The Alliance’s **Medicaid Dashboard** serves as a central resource, providing up-to-date information for partners, policymakers, and other interested parties. In addition to providing the latest, most comprehensive Medicaid enrollment research and polling, the Dashboard also provides state-specific reports for all 50 states plus Puerto Rico and the District of Columbia.

Successes in Recent Years

In 2023, the Alliance launched a targeted paid media campaign to communicate the steps of the redeterminations process to Medicaid enrollees.

The campaign focused on Medicaid-eligible families and federal and state

policymakers in Arizona, Indiana, Missouri, and Washington.

In 2022, Alliance partners sent a **letter** to congressional leadership urging them to pass bipartisan legislation to bolster Medicaid and expand access to critical services for millions

of children, older adults, people with disabilities, veterans, and hardworking Americans.

In 2021, the Alliance launched the **Medicaid Spotlight** initiative to tell the story of how Medicaid helps millions of people every day across the country.
